Technology-focused equity research and PE experience; builds AI-enabled financial analysis tools.
Hong Kong work authorisation: TTPS.

EDUCATION

The London School of Economics and Political Science (LSE) — London, UK
MSc Political Economy of Late Development — *Sep 2025 – Dec 2026 (Expected)*

- **Core Courses:** Econometrics; Economics; Political Economy

King's College London (KCL) — London, UK
BSc Political Economy | Upper Second Class Honours (2:1) — *Sep 2022 – Jun 2025*

INTERNSHIP EXPERIENCE

The Export-Import Bank of China — Chongqing, China
Market and Investment Analysis Intern — *Jun 2025 – Aug 2025*

- **Project Appraisal:** Assessed the RMB 22.5bn Chongqing Jiangbei Airport expansion from demand, revenue, operating-cost and capex forecasts; judged repayment capacity and flagged demand ramp-up as the main risk for credit review.
- **Benchmarking & Structured Finance:** Benchmarked airport projects in Nepal, Sri Lanka and Zambia on operating performance, financing structure and sovereign risk; analysed overseas infrastructure ABS cases (cash flows, credit enhancement, SPV structures, FX exposure).

Kims Capital | QFLP Private Equity — Macau, China
Private Equity Investment Intern, Technology & Growth Investments — *May 2024 – Jul 2024*

- **Sector Screening:** Screened 30+ AI, big-data and semiconductor companies on business model, competitive position and industry outlook; shortlisted candidates for due diligence.
- **Valuation & Peer Benchmarking:** Standardised target financials in Python (pandas) and benchmarked growth, profitability, cash flow, capital structure and valuation multiples against domestic and international peers.
- **Due Diligence & IC Reporting:** Combined financial research with management and expert-interview notes to assess earnings drivers and downside risks; wrote analysis for investment reports and Investment Committee (IC) materials.
- **Portfolio Monitoring:** Tracked portfolio-company financials and operating KPIs and kept performance records current for post-investment monitoring reports.

Zhongshan Securities Co., Ltd. — Shenzhen, China
Investment Research Intern — *Jul 2023 – Aug 2023*

- **Equity Research & Valuation:** Analysed financials and valuation of A-share technology and advanced-manufacturing companies (including United Winners Laser, Yitoa Intelligent Control) using Wind and iFinD; supplied data for equity research reports.
- **Quantitative Research:** Used SQL to analyse 2,000+ trading and valuation records of Hong Kong-listed small-cap technology stocks and summarised share-price and valuation trends for the team's research.
- **Market Tracking:** Tracked Fed policy, US Treasury yields and USD movements to update A-share sector valuation views.

PROJECT EXPERIENCE

EquityLens | AI-Assisted Financial Research Platform
Independent Project — *Oct 2026 – Present*

- **AI-Enabled Development:** Used AI coding agents to adapt an open-source platform into a bilingual, SEC-filing-based financial analysis tool.
- **Business & Financial Analysis:** Produced SEC-backed assessments of companies including NVIDIA, analysing revenue growth, profitability and cash conversion to identify performance drivers and financial risks.

KCL & Bank of America Virtual Experience | Corporate Financial Analysis & Valuation
KCL & BofA Virtual Investment Banking Simulation — *Mar 2025 – May 2025*

- **Financial Modelling & Commercial Analysis:** Analysed Webflix's financial performance, screened acquisition targets and built a DCF model with sensitivity analysis to assess strategic fit and valuation in a Bank of America virtual M&A case.
- **Budgeting & Team Leadership:** Led a five-member team to build B2B/B2C financial forecasts, analyse revenue and cost variances and refine budget assumptions; project received a First-Class result.

CAMPUS EXPERIENCE

LSE | Graduate Student Ambassador — Sep 2025 – Jun 2026

- **Stakeholder Communication:** Represented the department at admissions events and student panels, explaining programme information to prospective applicants and handling individual enquiries.

SKILLS & LANGUAGES

- **Research & Valuation:** Financial statement and peer analysis; DCF and trading multiples; forecasting and variance analysis.
- **Research Communication:** Investment reports, IC and credit materials; presentations.
- **AI & Data Tools:** AI coding agents; Python (pandas); SQL; Stata; MATLAB; Excel (PivotTables, XLOOKUP); PowerPoint; Wind; iFinD.
- **Languages:** English (Fluent, TOEFL 111); Mandarin (Native).
