EDUCATION

The London School of Economics and Political Science (LSE) London, UK
MSc Political Economy of Late Development *Sep 2025 – Dec 2026 (Expected)*

King's College London (KCL) London, UK
BSc Political Economy | Upper Second Class Honours (2:1) *Sep 2022 – Jun 2025*
Relevant coursework: Quantitative Methods; Econometrics; Macroeconomics; Topics in Development Economics.

INTERNSHIP EXPERIENCE

The Export-Import Bank of China Chongqing, China
Market and Investment Analysis Intern *Jun 2024 – Aug 2024*

- **Project Finance & Credit Review:** Assessed debt-service capacity of the RMB 22.5bn Chongqing Jiangbei Airport expansion using passenger-demand, revenue and capex forecasts, identifying demand ramp-up as the key repayment risk; drafted the credit-review exhibits and risk commentary included in the financing memorandum.
- **Cross-Border Credit Benchmarking:** Selected airport projects in Nepal, Sri Lanka and Zambia as comparators based on their common lender and similar financing arrangements; compared repayment capacity, financing structures and sovereign risk in a report used for credit discussions.
- **Structured Finance Case Research:** Compared asset cash flows, credit enhancement and SPV arrangements in overseas financing and securitisation cases; distinguished contractual repayment protections from residual FX risks in research notes.

Kims Capital | QFLP Private Equity Macau, China
Private Equity Investment Intern, Technology & Growth Investments *May 2023 – Jul 2023*

- **Investment Screening:** Screened 30+ AI, big-data and semiconductor companies based on their business models, competitive positioning and industry outlook; shortlisted priority candidates for further due diligence.
- **Financial Due Diligence & Valuation:** Standardised target-company financial data using Python (pandas) and compared margins, cash generation, leverage and EV/EBITDA multiples with those of domestic and international peers for the team's due diligence.
- **Investment Reporting & Monitoring:** Synthesised financial research and notes from management interviews into draft investment reports and Investment Committee (IC) materials covering earnings drivers and downside risks in the technology sector; updated portfolio-company performance records for post-investment reporting.

Zhongshan Securities Co., Ltd. Shenzhen, China
Investment Research Intern *Jul 2022 – Aug 2022*

- **Company Research:** Analysed financial performance and valuation of A-share technology and advanced-manufacturing companies (incl. United Winners Laser, Yitoa Intelligent Control) using Wind and iFinD; provided data used in equity research reports.
- **Macro & Market Research:** Tracked Fed policy, US Treasury yields and USD movements, preparing updates on A-share sector valuations; queried 2,000+ historical trading and valuation records for small-cap technology stocks using SQL, mapping share-price weakness against valuation changes during the 2022 technology sell-off.

PROJECT EXPERIENCE

Bank of America | Investment Banking (Forage)
Online Simulation Project *Aug 2026 – Sep 2026*

- **DCF Valuation & Model Review:** Developed an Excel-based DCF valuation for a potential M&A target, deriving implied equity value and share price; conducted sensitivity analysis on key valuation assumptions to assess downside risk and valuation uncertainty.
- **Financial Analysis & M&A Screening:** Analysed 10-K filings and historical financial performance to evaluate potential acquisition targets; compared profitability and growth prospects to support a buy-side acquisition recommendation.

King's College London | Corporate Financial Planning & Budget Analysis
Budget Management Simulation Project *Mar 2025 – May 2025*

- **Budgeting & Variance Analysis:** Co-developed annual and rolling budgets for simulated B2B and B2C technology businesses; decomposed volume, pricing and cost variances to inform forecast revisions.

CAMPUS EXPERIENCE

LSE | Graduate Student Ambassador *Sep 2025 – Jun 2026*

- Represented the department at graduate admissions events and student panels, communicating programme information to prospective applicants and responding to individual enquiries across diverse backgrounds.

SKILLS & LANGUAGES

- **Credit & Project Finance:** Financial statement and credit analysis; project cash flow and debt-service assessment; sovereign risk.
- **Financial Modelling & Valuation:** Forecasting; DCF modelling; comparable-company valuation; variance analysis.
